

# Spanish Speaking Communities

Below you will find a list of all of the service sites located in Spanish speaking communities. Though Spanish skills would be helpful at these sites, being fluent in Spanish is not a requirement at most. Please consult the descriptions on the individual state sites for more information.

Each description includes details about the community where the service site is based, the overall work and mission of the organization, and what an incoming service member can expect to do on a day-to-day basis at this site. We hope this document will help you to best determine where you are most interested in serving!

Please note that all service sites and site descriptions are subject to change. Final details will be confirmed during the position offer process.
